The mind creates the abyss, the heart crosses it.

Sri Nisargadatta Maharaj

The mystics throughout the ages have all spoken of the ecstatic Oneness that is accessible to us all. As well, they have, in their writings and life stories, given us pointers as to how we may find It for ourselves. Also, there were Ancient Mystery Schools that taught techniques to help one attain this state of consciousness.

Join Yanni tonight as he helps you to **“Remember Who You Truly Are and to Forget Who You Weren’t.”** As well, he will assist you in learning how to come into resonance with this Oneness once and for all!

God/Goddess is not a noun, i.e., a person, place or thing, nor is God/Goddess a belief system. God/Goddess is a personal, instinctual, intuitive experience of infinite, loving consciousness. God/Goddess is a “feeling” and not a “thinking.” So, the question then is: How can you lose your mind and come to your senses so that you can experience your inherent God-ness and Oneness?

In that “Beginning-less Beginning” a proto-type for a Divine-Human was seeded and we as a species have been evolving, however slowly, to a tipping point where we will all be able to actualize, experience and embody what it means to be that original Divine-Human, that Super-Human, which is the manifestation our full potential and our birthright.

Yanni will share stories, techniques and initiatory exercises to help you to “get it.” Actually you already “got it,” but you just need to be reminded.

Come learn to dwell in this Divine “Embrace.” “The Time” is now.
